	21300-000-55	<p style="text-align: center;">SPEAKER STAND</p> <p>A high quality steel speaker stand with zinc die-cast clamps for professional use. Infinitely variable height adjustment with a hand crank and push button system which prevents an uncontrolled reverse motion. There is an additional locking screw for extra safety. Extension tube diameter 35 mm, suitable for speakers and lighting crossbars with an integrated M10 thread connector.</p>
	21302-000-55	<p style="text-align: center;">SPEAKER STAND</p> <p>A high quality steel speaker stand with plastic clamps for professional use. Infinitely variable height adjustment with a hand crank and push button system which prevents an uncontrolled reverse motion. There is an additional locking screw for extra safety. Extension tube diameter 35 mm, suitable for speakers and lighting crossbars with an integrated M10 thread connector.</p>

PRODUCT	PRODUCT REF	DESCRIPTION
SPEAKER STANDS (CONT.)		
	21435-001-55	<p style="text-align: center;">SPEAKER STAND</p> <p>The standard speaker stand constructed from steel tubing has been significantly improved. The new legs with a tubing diameter of 35 mm and the large, fixed foot end caps guarantee stability and safety. Lasered bore holes and durable, robust plastic saddle washers improve the coefficient of friction between the legs and braces and prevent scratching of the finish. A compact clamp with a patented push-button system affords user-friendly stand height adjustment. The locking screw provides additional stability and vibration-free speaker mount. Additional features include a pull-out guard for the extension tube and an integral anti-shock component.</p>
	21436-001-55	<p style="text-align: center;">SPEAKER STAND</p> <p>The standard speaker stand constructed from aluminum has been significantly improved. The new legs with a tubing diameter of 35 mm and the large, fixed foot end caps guarantee stability and safety. Lasered bore holes and durable, robust plastic saddle washers improve the coefficient of friction between the legs and braces, and prevent scratching of the finish. A compact clamp with a patented push-button system affords user-friendly stand height adjustment. The locking screw provides additional stability and vibration-free speaker mount. Additional features include a pull-out guard for the extension tube and an integral anti-shock component.</p>
	21485-000-55	<p style="text-align: center;">SPEAKER STAND</p> <p>An absolute hit in price / performance and versatility. This 3 leg aluminium speaker stand weighs a mere 3.3kg. A handy snap closure system makes the stand easy to adjust to 5 different heights. An additional clamp screw ensures that the speaker is held securely.</p>
	21455-000-55	<p style="text-align: center;">SPEAKER STAND</p> <p>Aluminum speaker stand especially designed for low to medium height applications. Extension tube diameter 35 mm. Height-adjustable by a spring-loaded locking screw and safety bolt.</p>
	21437-000-55	<p style="text-align: center;">SPEAKER STAND</p> <p>Steel speaker stand. Height adjustment with locking screw and additional safety pin. A unique patented mandrel on the extension tube automatically straddles when the speaker is mounted and provides a firm fit for the speaker. Suitable for speakers with connector diameter of 33/39 mm.</p>
