<b>HEADSET &amp; LAVALIER MICS FOR MA SERIES</b>		
	MU-53L	Unidirectional premium lavalier microphone in black. 10mm diameter terminated to mini xlr.
	MU-53LS	Unidirectional premium lavalier microphone in beige. 10mm diameter terminated to mini xlr.
	MS-15	Instrument mounting bracket for MU-53L
	MU-55L	Omnidirectional sub-miniature lavalier microphone in black. 4.5mm diameter terminated to mini xlr.
	MU-55LS	Omnidirectional sub-miniature lavalier microphone in beige. 4.5mm diameter terminated to mini xlr.
	MU-53HN	Unidirectional premium sweat resistant headworn microphone in black. 10mm diameter mic element terminated to mini xlr.
	MU-53HNS	Unidirectional premium sweat resistant headworn microphone in beige. 10mm diameter mic element terminated to mini xlr.
	MU-55HN	Omnidirectional pro waterproof headworn microphone in black. 4.5mm diameter mic element terminated to mini xlr.
	MU-55HNS	Omnidirectional pro waterproof headworn microphone in flesh tone. 4.5mm diameter mic element terminated to mini xlr.
	MU-13	Single-sided omnidirectional earworn mic in beige with detachable boom. Terminated to 4-pin mini XLR.
	MU-210	Unidirectional headworn mic in beige with detachable boom. Terminated to 4-pin XLR.
	MU-23	Omnidirectional headworn mic in beige with detachable boom. Terminated to 4-pin XLR.
	MM-202	470mm gooseneck microphone terminated to MIPRO's 4-pin mini XLR. Proprietary microphone mount design allows 110° up/down and 300° left/right angle adjustments.

PRODUCT	PRODUCT REF	DESCRIPTION
<b>HEADSET &amp; LAVALIER MICS FOR MA SERIES</b>		
	MM-202B	370mm gooseneck microphone terminated to MIPRO's 4-pin mini XLR. Proprietary microphone mount design allows 110° up/down and 300° left/right angle adjustments.
	MM-202A	130mm gooseneck microphone terminated to MIPRO's 4-pin mini XLR. Proprietary microphone mount design allows 110° up/down and 300° left/right angle adjustments.
	MM-202S	130mm gooseneck microphone terminated to MIPRO's 4-pin mini XLR.
	MD-101	Bodypack transmitter holder, use with MM-202 gooseneck mics for conferencing.
	MU-40G	Instrument cable with 1/4" jack terminated to mini xlr 1.2 metres long.
	MJ-53	Condenser microphone adaptor. Mini xlr to standard xlr.
	MJ-40S	4-pin mini XLR connector with screw-lock for compatibility with Mipro analogue wireless systems.
<b>LINE IN CABLES FOR MA SERIES</b>		
	KS.35SJK-BJK-5K6-1	3.5mm stereo jack to 1/4" budget mono jack line-in lead, 1m length. For use with MA-202 and MA-707PA.
	KS.35SJK-BJK-5K6-2	3.5mm stereo jack to 1/4" budget mono jack line-in lead, 2m length. For use with MA-202 and MA-707PA.
	KS.35SJK-BJK-5K6-3	3.5mm stereo jack to 1/4" budget mono jack line-in lead, 3m length. For use with MA-202 and MA-707PA.
	KS.35SJK-BJK-5K6-5	3.5mm stereo jack to 1/4" budget mono jack line-in lead, 5m length. For use with MA-202 and MA-707PA.
	KS.35SJK-PH-5K6-1	3.5mm stereo jack to single phono line-in lead, 1m length. For use with MA-705, MA-708 and MA-808PA.
	KS.35SJK-PH-5K6-2	3.5mm stereo jack to single phono line-in lead, 2m length. For use with MA-705, MA-708 and MA-808PA.
	KS.35SJK-PH-5K6-3	3.5mm stereo jack to single phono line-in lead, 3m length. For use with MA-705, MA-708 and MA-808PA.
	KS.35SJK-PH-5K6-5	3.5mm stereo jack to single phono line-in lead, 5m length. For use with MA-705, MA-708 and MA-808PA.

PRODUCT	PRODUCT REF	DESCRIPTION
<b>MA-101 RANGE PORTABLE PA</b>		
	MA-101C	This model comes complete with MM-107 wired microphone plus an additional line input jack. Other types of microphone such as lavalier or headset can be attached. It can be hand carried, used with the supplied shoulder strap or mounted on a mic stand. It weighs 2.7kg and dimensions are 285 x 160 x 178mm. 27 watts of output via a full range 5" speaker operating over the range of 60 – 15,000 Hz. The rechargeable battery provides 8 hours of continuous use with a recharge time of 4 hours. Suitable for up to 200 people depending on orientation.
	MA-101	Single channel wireless version of MA-101c. Includes VHF receiver. Choices of mic/transmitter options shown below as these are not included and must be purchased separately. Weight increases by 250g to 2.95kg due to receiver inclusion. Operating time still 8 hours. Choice of 3 VHF frequencies. MA-101A-CHA = 173.8MHz MA-101A-CHB = 174.5MHz MA-101A-CHC = 175.0MHz
	MH-203A	Single channel UHF cardioid condenser handheld wireless microphone for use with MA-101 Choice of 3 VHF frequencies. MH-203A-CHA - 173.8MHz MH-203A-CHB - 174.5MHz MH-203A-CHC - 175.0MHz
	MT-103A	Single channel body pack transmitter (VHF) for MA-101 with mini xlr for terminating lavalier, headset or instrument cable. Mic/cable devices must be purchased separately. Choice of 3 frequencies MT-103A-CHA - 173.8MHz MT-103A-CHB - 174.5MHz MT-103A-CHC - 175.0MHz
	MA-101U	UHF wireless version of MA-101. Otherwise identical to VHF version. Choice of 3 UHF frequencies. MA-101u-CHA = 863.3MHz MA-101U-CHB = 863.9MHz MA-101U-CHC = 864.8MHz
	MH-801A	Single channel UHF cardioid condenser handheld wireless microphone for use with MA-101u. Choice of 3 VHF frequencies. MH-801A-CHA - 863.3MHz MH-801A-CHB - 863.9MHz MH-801A-CHC - 864.8MHz
	MT-801A	Single channel body pack transmitter (UHF) for MA-101u with mini xlr for terminating lavalier, headset or instrument cable. Mic / cable devices must be purchased separately. Choice of 3 frequencies MT-801A-CHA - 863.3MHz MT-801A-CHB - 863.9MHz MT-801A-CHC - 864.8MHz

PRODUCT	PRODUCT REF	DESCRIPTION
<b>MA-202 PORTABLE PA</b>		
	MA-202-DR70	The MA-202 is a powerful, efficient 55W portable PA unit with carry strap, lithium-polymer battery and transmitter storage/charging compartment. Includes high-quality two-way speaker, mic & line jack inputs with both USB and SD card inputs for versatility. A standard 4-hour charge will provide 8 hours continuous operation. 3.1kg, dimensions 206 x 163 x 306mm (HWD). Tuned to Band DR70 (863-865MHz), the unit utilises ACT and AutoScan technology for fast, easy setup and synchronisation.
	ACT-202T-DR70	Handheld transmitter mic for use with MA-202 portable PA. Features slide on/off switch and volume control, with lanyard attachment for handsfree operation. A compartment is provided in the MA-202 unit for transmitter charging. Simply slot the mic into place (transmitter will charge even if unit is not powered on).
<b>MA-303 PORTABLE PA</b>		
	MA-303S-DR70	The MA-303 is a very compact 55W (RMS) portable PA system with built-in single/dual receiver and USB options. The built-in multichannel receivers offer extremely quick ACT channel setup with a single button. The compact unit measures just 210 x 276 x 165mm and houses a 1" tweeter and 5" woofer for fullrange response. It includes a USB input socket and a powerful lithium battery offering up to 9 hours operation from a single charge. The unit can be mounted on an MS30 tripod stand for elevation.
	MA-303S-CH38	MA-303 with single built-in receiver tuned to Channel 38. Note that all frequencies in Channel 38 require a valid licence for legal UK operation.
	MA-303SU-DR70	MA-303 with USB reader/recorder and single built-in receiver tuned to deregulated Channel 70 for licence-free operation.
	MA-303SU-CH38	MA-303 with USB reader/recorder and single built-in receiver tuned to Channel 38. Note that all frequencies in Channel 38 require a valid licence for legal UK operation.
	MA-303D-DR70	MA-303 with two built-in receivers tuned to deregulated Channel 70 for licence-free operation.
	MA-303D-CH38	MA-303 with two built-in receivers tuned to Channel 38. Note that all frequencies in Channel 38 require a valid licence for legal UK operation.
	MA-303DU-DR70	MA-303 with USB reader/recorder and two built-in receivers tuned to deregulated Channel 70 for licence-free operation.

PRODUCT	PRODUCT REF	DESCRIPTION
<b>MA-303 PORTABLE PA</b>		
  	MA-303DU-CH38	MA-303 with USB reader/recorder and two built-in receivers tuned to Channel 38. Note that all frequencies in Channel 38 require a valid licence for legal UK operation.
	ACT-30H-DR70	Multichannel ACT handheld transmitter mic on band DR70. For use with DR70 receivers only.
	ACT-30H-CH38	Multichannel ACT handheld transmitter mic on Channel 38. For use with Channel 38 receivers only.
	ACT-30T-DR70	Multichannel miniature ACT bodypack transmitter on band DR70. Mic/cable devices must be purchased separately. For use with DR70 receivers only.
	ACT-30T-CH38	Multichannel miniature ACT bodypack transmitter on Channel 38. Mic/cable devices must be purchased separately. For use with Channel 38 receivers only.
<b>PORTABLE PA- FOR MULTICHANNEL RECEIVERS</b>		
	MA-705PA	The entry level configurable package. Code relates to the system only. CD player or wireless receivers are optional. Please note this system accepts multichannel receivers only, for fixed receiver options see MA-705PAQ. Included is a 50w power stage via an 8" full range speaker for exceptionally high quality reproduction of voice or programme music for up to 600 people. The rechargeable battery provides 4 to 6 hours of continuous operation after a 6 hour charge. Up to 2 MRM-70 receiver modules and one CDM-2 CD player module can be added. The 705 also accepts wired microphones, MP3 players or a variety of external sources. Transmitter (optional) batteries are recharged in the unit and there is a compartment to house the transmitters in transit. Weight is 9.8kg, dimensions 400x285x225mm. 96dB spl @1w/1m.
	MA-705PAD	As above with CD/MP3 player pre-fitted. Transmitter and receiver options must be purchased separately.
	MA-705EXP	Passive extension speaker for MA-705.

PRODUCT	PRODUCT REF	DESCRIPTION
<b>MA-707 PORTABLE PA</b>		
	MA-707PA	System only without receiver, cassette or CD options. Accepts 2 x Wireless receivers (UHF or VHF) plus wired microphones, internal Cassette/CD and an external line source. 2x jack line out, 1x XLR line in, 1x jack line in. All can be controlled via the built-in mixer. An 8 hour charge provides 6 to 8 hours continuous operation. Can also be powered via an external 12v source. A charging tray for transmitter batteries and storage compartment keeps everything in one, tidy place. Weighing in at 13.5kg the MA-707 has a 70w rms power stage & sensitivity of 96dB SPL @1w/1m. Dimensions: 445x310x240mm.
	MA-707PAD	MA-707 Portable PA as above with CDM-2P pre-fitted. Without cassette or receiver options.
	MA-707EXP	Passive extension speaker for MA-707 with an impedance of 4 ohms. In common with all Mipro extension speakers, it operates in series with the main unit to avoid impedance issues. For instance, the MA-707 with a single EXP has a total impedance of 8 ohms.
<b>MA-708 PORTABLE PA</b>		
	MA-708PA	A step up from the MA-707, the MA-708 delivers a substantial 180 Watts of exceptionally clear sound reinforcement from a compact, rugged enclosure. This powerful PA accepts up to 4 MRM-70-8X ACT receiver modules (extra fitting plate required for additional 2 modules) and can also accept MT-90 wireless transmitter modules for system linking. Features: <ul style="list-style-type: none"> <li>• Voice priority feature mutes music when mic is used.</li> <li>• Active limiter keeps sound clean when driven hard</li> <li>• 3 power options: AC, DC or rechargeable battery <ul style="list-style-type: none"> <li>• Echo effect control</li> <li>• Retractable handle and sturdy wheels</li> <li>• 4-segment meter displays battery level</li> </ul> </li> </ul>
	MA-708PAD	MA-708 with CD/MP3 module factory-installed
	MA-708EXP	Passive extension speaker for use with MA-708PA. Includes 2m cable.
<b>MA-808 PORTABLE PA</b>		
	MA-808PA	The MA-808 features a huge 250 watt output, suitable for crowds of up to 2,000 people. Sold as system only without receiver or CD options. Accepts 2 x Wireless receivers (ACT) plus wired microphones, internal CD and an external line source. All can be controlled via the built-in mixer. An 8 hour charge provides 8 hours continuous operation. Features a 4 segment battery 'fuel gauge'. Can also be powered via an external 12v source. A voice priority feature mutes the music when microphone is used. A charging tray for transmitter batteries and storage compartment keeps everything in one, tidy place and a retractable handle makes for easy transportation. The MA-808 weighs 20.5kg, dimensions 460x560x350mm. Does not accept extension speaker.
	MA-808PAD	As above with CD/MP3 player pre-fitted. Transmitter and receiver options must be purchased separately.
	MA-808EXP	Passive wired extension speaker for MA-808PA. Supplied with 10m cable.

PRODUCT	PRODUCT REF	DESCRIPTION
<b>MODULES (MA-705, MA-707, MA-708, MA-808)</b>		
	CDM-05	Skip-free CD & MP3 player for MA-705, MA-808 and MA-909. Includes pitch control.
	CDM-07	Skip-free CD & MP3 player for MA-707 only. Includes pitch control.
	CDM-08	Skip-free CD & MP3 player for MA-708, MA-808. Includes pitch control.
	7AE017	Auto-reverse cassette player and recorder for MA-707 only.
	ACT-30H-DR70	Multichannel ACT handheld transmitter mic on band DR70. For use with DR70 receivers only.
	ACT-30H-CH38	Multichannel ACT handheld transmitter mic on channel 38. For use with Channel 38 receivers only.
	ACT-30T-DR70	Multichannel ACT bodypack transmitter on band DR70. Mic/cable devices must be purchased separately. For use with DR70 receivers only.
	ACT-30T-CH38	Multichannel ACT backpack transmitter on channel 38. Mic/cable devices. For use with Channel 38 receivers only.
	MRM-70-DR70	New multichannel receiver module on UK deregulated band DR70 (863-865MHz). For use with DR70 transmitters only.
<b>MODULES (MA-705, MA-707, MA-708, MA-808)</b>		
	MRM-70-CH38	New multichannel receiver module on UK Channel 38 (606-614MHz). For use with Channel 38 transmitters only.
	MRM-72-DR70-EDGE	Dual MRM-DR70 multichannel receiver modules with fitting kit for top slot of MA-708 and MA-808 PA systems. Note this module uses and EDGE connector fitting, please ensure you have a compatible PA. Call us for more information.
	MRM-72-CH38-EDGE	Dual MRM-CH38 multichannel receiver modules with fitting kit for top slot of MA-708 and MA-808 PA systems. Note this module uses and EDGE connector fitting, please ensure you have a compatible PA. Call us for more information.
	MTM-90-CH38-EDGE	Wireless transmitter module with fixing plate and rear edge connector Multichannel UHF PLL-synthesised transmitter module with fixing kit to fit MA-708PA and MA-808PA. Quick and simple to install, it features a scan button with numeric LED to display working channel making it simple to tune to the required channel. The programmed frequency is stored in the internal memory, even after powering off, until adjusted using the Scan function. The fixing tray accepts one module with storage tray for a body pack transmitter.

PRODUCT	PRODUCT REF	DESCRIPTION
<b>MA SERIES ACCESSORIES</b>		
	SW-20	Set of 10 coloured foam windscreens for MIPRO handheld transmitters.
	MJ-70	Remote muting switch for ACT-30T bodypack transmitter.
	SC-10	Protective carry & storage bag for MA-101. Has pouches for transmitters and other accessories.
	SC-20	Protective carry & storage bag for MA-202. Has pouches for transmitters and other accessories.
	SC-30	Protective carry bag for MA-303. Has internal pouches for transmitters and other accessories.
	SC-50	Protective carry & storage bag for MA-705. Has pouches for transmitters and other accessories.
	SC-70	Protective carry & storage bag for MA-707. Has pouches for transmitters and other accessories.
	SC-75	Protective carry & storage bag for MA-708. Has pouches for transmitters and other accessories.
	SC-80	Protective carry & storage bag for MA-808. Has pouches for transmitters and other accessories.
	MS-30	Microphone type stand for mounting 101 series.
	MS-70	Lightweight tripod stand for MA-705, MA-707 & MA-808.
	MS-50	Desktop microphone stand with adjustable arm.
	MS-80	Floor-standing tripod microphone stand with adjustable arm.

PRODUCT	PRODUCT REF	DESCRIPTION
MA SERIES ACCESSORIES		
	MB-10	14.8V, 2.6AH rechargeable lithium battery for MA-303 system.
	MB-25	16.8V, 3AH rechargeable lithium-polymer battery for MA-202
	MB-30	Replacement rechargeable battery for MA-101 series (except MA-101ACT). 12v, 2.7Ah leak-free unit.
	MB-70	Replacement or spare 12v, 4.5Ah leak-free rechargeable battery for MA-707 & MA-808. Two batteries required for MA-808.
